## BRYAN SAYS OPEN DOOR POLICY IN CHINA MUST BE RIGIDLY ADHERED TO

U. S. Prepared to Guard Her Treaty Rights in Far East; Hopes For Peace

[Associated Press by Federal Wireless]

WASHINGTON, D. C., May 7.—Secretary Bryan issued last night a statement on the situation in the Orient which is generally interpreted to mean that, although no formal tender of good offices will be made by the United States, the services of the American state department have been placed at the disposal of both countries for a diplomatic settlement of their dispute.

Mr. Bryan reiterated the adherence

of America to the principle of the open door in China and the maintenance of the territorial integrity of the Republic, thereby dissipating notions said to be prevalent in the Far East that America would stand idly by and make no protest against any violations of her treaty rights that might be implied by China's acceptance of the Japanese demands.

"The government of the United States," says the announcement, "has no intention to acquiesce in any abatement of the interests, the welfare and the progress of China. The sole concern of this country is that the present negotiations between China and Japan should be concluded satisfactorily to both, thus contributing to the peace of the world. The United States has no intention of surrendering its treaty rights."

## SCHWAB SEES DANGER OF JAPAN'S DOMINATION

[Associated Press by Federal Wireless]

SAN DIEGO, Cal., May 7.—Asked here last night what effect the domination of China by Japan would have on America's trade with the Orient and the development of the iron and steel business of America, particularly that of the Pacific coast, Charles M. Schwab, president of the Bethlehem Steel Company, said:

"Without adequate tariff protection of our industries, Japan will dominate the commerce of the Pacific. We need a tariff to offset the cheaper labor of the Orient in the production of iron and steel. China has enormous latent mineral resources."

[Associated Press by Federal Wireless]

NEW YORK, N. Y., May 7.—One hundred steamships operated by nine coastwise navigation companies have been released by concessions granted to their striking mates. Three men were killed in a mine of the Davy Crockett Coal Company near Rochester, N. Y., when a pocket of gas was exploded by a shot.

## PUT ENOUGH STAMPS ON YOUR FOREIGN LETTERS

Postmaster Young has issued the following statement:

The postoffice department at Washington constantly receives complaints on account of the receipt in foreign countries of much short-paid mail matter from the United States. There is a postal regulation which requires the collection of double the amount of the deficient postage upon the delivery of short-paid articles in international mails.

"The only foreign destinations to which the two-cent letter rate applies are: Canada, Cuba, Mexico, Republic of Panama, the Canal Zone, Bahamas, Barbados, British Honduras, Leeward Islands, Newfoundland, England, Scotland, Wales, Ireland and the City of Shanghai, China. To all other places the rate is five cents for the first ounce or fraction of an ounce and three cents for each additional ounce or fraction thereof, which must be fully prepaid; or the letters become liable on delivery to a charge of double the amount of the deficient postage."

Struck on the forehead by a ball during a high school game at Greerhold, N. J., John L. DeBenedictis, 17, died a few hours later. A blood vessel burst in his head.

## PUNAHOU NOTES

PUNAHOU, May 7.—Yesterday in chapel Claude King played a solo on the cello. He gave the "Berceuse" from Jocelyn, and it was applauded so greatly by the students that he had to play an encore. Miss Sutherland accompanied him.

There will be no examinations or reports given out for the mid-term at the academy. All the teachers will give any extra work or any tests which they see fit, however.

Announcement is made of the additional commencement parts which have been given to various students. Douglas Bond will take a part from the science department, Momi Keola will give a demonstration from the commercial department, and Mabel Wilcox will give the introduction to several musical numbers. Those who have regular commencement parts and will read their commencement papers are Dorothy Hoogs, Grace Bredhoff and Chen Chai Kuei.

The recital given by the little pupils of Miss Laura Brawthen's music class, from the Punahou musical department, Wednesday afternoon in Old School hall, was very enjoyable. The program was long, but each number was short. It was a delightfully arranged program and every little scholar showed his or her very best skill. These concerts of the smaller children of the preparatory school are always looked forward to with interest.

## USEFUL SOCIETY HOLDS MEETING ON BENEVOLENCE

The Stranger's Friend Society, the oldest benevolent organization in the Pacific, having cared for stranded young men in Hawaii for the past 60 years, held its annual meeting in the Associated Charities' rooms yesterday. The election of officers was deferred to a special meeting for Thursday morning, May 14, at 10 o'clock.

The society has been maintained by the personal contributions of its members and expended over \$1000 in the care of the poor strangers within the gates of Honolulu during the past year. Every nationality has occupied the four beds kept by the society in the Queen's Hospital. The beds were given by C. R. Bishop and cut down the hospital expense to such an extent that the society was able to use its money for other charitable work. The committee reported that 20 patients had been treated this past year.

The present officers of the society are Mrs. A. Fuller, president; Mrs. S. B. Dole, first vice-president; Mrs. Faxon Bishop, second vice-president; Mrs. S. M. Damon, secretary; Mrs. E. W. Jordan, treasurer, and Percy Deverill, auditor.

Friends of the society wonder if there will be a change in administration as Mrs. Damon has been secretary for the past 28 years, and Mrs. Jordan has handled the society's funds for the past 25 years.

## Either Way--- Drugs are Harmful!

If a coffee drinker, have you stopped to think that with every cup of coffee, you are taking from two to three grains of caffeine, a slow, but powerful, drug?

According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.

Sometimes, when the coffee-drug gets in its lies, you'll realize the harm it does; but wouldn't it be better to avoid trouble—stop coffee now and use Postum.

It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives it a snappy taste much like that of rich, old Java, but Postum is absolutely free from caffeine, or any other harmful ingredient.

Postum comes in two forms: Postum Cereal—requires boiling.

Instant Postum—a soluble form—no boiling required—made instantly in the cup with hot water.

The difference is only in the form. Both kinds are equally wholesome and delicious and the cost per cup is about the same. Be sure to ask for the kind you want.
